

Planning your trip to Turku/Åbo

We would suggest that you fly into Helsinki. From the Helsinki-Vantaa airport there is an excellent bus connection to Turku (in Swedish 'Åbo') every hour. [Look for timetable!](#) The link is for Friday, Saturday and Sunday might differ. There is a remark 'transfer'. This means that you step from one bus to the other and the staff takes care of your luggage. It is very convenient.

For you who prefer an alternative approach: You can fly into Stockholm and then take the Viking Line or the Silja Line to Turku overnight.

Your experience will be really special if you stay overnight in Stockholm and take the day tour over the sea instead.

The voyage between Stockholm and Turku/Åbo takes some 11 hours.
